AGREEMENT TERMS

This agreement gives Red Truck Recycling permission to automatically charge your credit card upon receipt of invoice(s). An overloaded container, defined as over 6 inches above level load, incurs a minimum charge of \$100. Hazardous items, such as batteries, paints, air conditioner units, oils, and solvents, carry a minimum charge of \$50. Tires are subject to a minimum charge of \$10 per tire. If we are unable to access your container to pull and dump, a minimum day run fee of \$195 applies. Interest charges apply.

LATE PAYMENT INTEREST

If an invoice remains unpaid for over 30 days, the Customer must pay interest at Florida's maximum legal rate of 18%, calculated from the 31st day until payment, compounded monthly. The Customer agrees to pay accrued interest promptly, acknowledging that it compounds monthly beyond the 30-day period. The maximum interest rate follows Florida law and adjusts if modified. Red Truck Recycling's acceptance of late payments or failure to enforce this clause doesn't waive its right to enforce it later. Customers providing credit card authorization allow Red Truck Recycling to charge the card after 30 days, including accrued interest. If the transaction fails, Red Truck Recycling can still charge interest and related fees.

I have read and understood the terms, and authorize Red Truck Recycling to charge my credit card as stated above.
